Trinity Praha

Website Development Proposal

Your New Website is Ready to View!

Preview Your Site: trinity.aiboostuae.com

Thank you for sharing your vision through the website planning questionnaire. Based on your responses, we've created a modern website designed specifically for **visitors and new believers** - exactly the audience you want to reach.

What You Asked For

In your planning form, you identified these key goals for the website:

✓ Share church information clearly

✓ Reach new people in Prague

✓ Post sermons and updates

✓ Support online giving and donations

✓ Manage events and registration

You also mentioned wanting a **modern look and feel**, with a layout similar to ntc.ee but with adjusted colors. That's exactly what we've built for you.

Design Approach

Modern & Welcoming

Following your preference for a modern design inspired by ntc.ee, we created a clean, spacious layout with adjusted colors that feel warm and approachable - perfect for welcoming visitors and new believers to Trinity Praha.

Layout Inspiration

As you requested, we drew inspiration from **ntc.ee** (for the clean, spacious layout) and **everynationseminary.org** (for the professional, international tone). We combined the best of both - clean sections, clear navigation, and spacious design - then adjusted the colors to create a warmer, more inviting palette that feels welcoming to visitors.

Built for Your Audience

Every element is designed with **visitors and new believers** in mind - people who may be exploring faith for the first time or looking for a church community in Prague.

What's Included in Stage 1

Welcome Section

A warm introduction with Prague's beautiful cityscape in the background, immediately showing visitors they're in the right place.

Your Mission

Four clear pillars explaining who you are: Knowing God, Loving Neighbors, Helping Those in Need, and Sharing Good News.

Coffee Invitation

A friendly section inviting people to connect over coffee - no pressure, just conversation and fellowship.

Sunday Service Info

Clear details about when and where you meet, plus what visitors can expect when they attend.

Design Features

Professional & Modern

Your site uses the same design standards as leading international organizations. Everything from text sizes to spacing follows best practices for readability and visual appeal.

Works on All Devices

Whether someone visits on their phone, tablet, or computer, the site automatically adjusts to look great and work smoothly.

Fast & Secure

Your site loads quickly from anywhere in the world and uses secure connections to protect visitor information.

Easy Navigation

A clean menu at the top helps visitors find what they need quickly, whether that's connecting with you or learning about Sunday services.

Staged Development (As You Requested)

You mentioned wanting to **"implement/develop tabs in stages"** - we've structured the project exactly that way.

Stage 1: Foundation (Complete)

Status: Live and ready to view!

✓ Main landing page with church information

✓ Modern design inspired by ntc.ee with adjusted colors

✓ Mobile-friendly and fast loading

✓ Ready for your logo and branding

Stage 2: Core Features (Next)

Timeline: Upon your approval

- **Sermons & Updates** - Section for posting teachings and announcements
- **Contact Page** - Easy way for visitors to reach you
- **About Section** - Your story and mission
- Logo integration throughout the site
- Custom domain setup (trinitypraha.cz)

Stage 3: Advanced Features (Future)

Timeline: As needed

- **Online Giving** - Secure donation system
- **Events & Registration** - Manage church events and signups
- Additional content sections as your needs grow

What We Need from You

To Move to Stage 2

1. **Your Logo** - We have space ready for it throughout the site
2. **Feedback on Stage 1** - Let us know what you'd like to adjust
3. **Content for Sermons Section** - How you'd like to organize teachings and updates
4. **Approval to Proceed** - Confirm you're ready for us to build Stage 2

For Your Tech Team

You mentioned that your **tech team or volunteer** will handle website updates. Once we complete the initial stages, we'll provide simple instructions so they can easily update content, post sermons, and manage events.

Why This Approach Works

Trustworthy & Simple

The clean design and community focus make the site feel approachable and relevant to Czech visitors. It communicates faith and connection without the institutional barriers that might make people hesitant.

Professional Credibility

The modern, polished design shows that Trinity Praha is established and trustworthy, while the warm tone shows you're welcoming and accessible.

Easy to Update

As your church grows and your needs change, we can easily add new sections, update content, or expand features.

Built to Last

The site is built with quality and longevity in mind, using proven design principles that won't look outdated quickly.

Next Steps

1. **Review the Site** - Visit trinity.aiboostuae.com and explore all sections
2. **Share Feedback** - Let us know what you love and what you'd like to adjust
3. **Provide Logo** - Send us your logo files so we can integrate them
4. **Approve Stage 2** - Confirm you'd like us to proceed with the next features

Questions?

We're here to help! Feel free to reach out with any questions about the site, the design choices, or the next steps. We want to make sure this website serves Trinity Praha's mission effectively.
